BOSTON POLICE STRIKE TO BE FIGHT TO FINISH; NEW MEN RECRUITED

Doom Bird Perches On Tossed Ship

Miami, Fla., Sept. 12.—Many hours before the storm which struck the island of Key West, with a loss of 27 lives, a culture followed a ship and perched on her spar while members of the ship's crew, believing in the superstitions of the sea, were convinced that she were doomed. Such is the story brought here by night of the crew who were 53 hours adrift on an upturned boat, battered and bruised and without food or water.

All day Sunday as the ship tossed in the sea, the great bird hovered overhead.

Survivors Through Sea

Sunday night and Monday the crew staggered through the snashing seas. Monday night every member of the crew was engaged in a desperate battle for life. There was no food; the galley and provision room were flooded. Tuesday morning they lost their compass and their wireless apparatus was short circuited and no S. O. S. calls could be sent out.

When the vessel went under, the Americans in the crew kept their heads and saved the lives of some others of the 36.

The men got into the life boat, and a few moments afterward the Corydon went down. Almost immediately the seas capricious life boat, three times, as fast as the men could dive from under it and right it again. They fished themselves to the seat with strips of clothing.

Fights With Gravel Scaman

Three weeks ago a graphic story of his battle with John Condron, a Greek-American scaman, when the latter beat him in a boxing ring, and fear. "I hold him all at the first day and night," said Mallowes. He was tried to draw a stiletto. I told him to the boat then. Wednesday, I became so weak I could do nothing at all. When he threw himself overboard and was drowned.

GERMAN ARRAIGNS ALLIED DEMAND TO RELEASE AUSTRIA

Dr. Preuss Denies New Constitution Does Not Affect Terms of Treaty.

[BY ASSOCIATED PRESS.]
Berlin, Thursday, Sept. 12.—Dr. Hugo Preuss, who drafted the new German constitution recently promulgated at Weimar, in a statement today to the assembled press severely arraigned the demand made by the peace conference that Germany must amend the constitution so as to prevent Austrian representation in the German parliament.

"I must emphasize first," he said, "that this is not a question of law, legally it is clear and simple. The way in which an opponent brought up the matter shows they are following entirely different purposes than the clearing up of doubtful legal questions."

In article 178 of the new German constitution is the clause: "The terms of the treaty of peace signed at Versailles will not be affected by this constitution."

Recalls Counter Proposal.

"The article providing for the admission of Austrian members of the Reichstag does not stand as a formal contradiction of the peace terms, this fact being recognized by the signing of the terms by the allied and associated governments. In a German counter proposal to the original peace terms the German government explained, in discussing this point, that Germany did not desire to violate the Austrian frontier but that if Austria wanted to bring about a state of unity with Germany, the latter could not obligate herself to oppose the wishes of the German brothers in Austria for in that case the right of self-determination of peoples would count against Germany."

"The allied and associated governments merely recognized in their answer that Germany did not want to violate the Austrian frontier. Thus the peace treaty was signed. Article 16 does not forcibly violate the Austrian frontier. Everything is left to the free initiative of Austria on the basis of national principles and national self-determination."

Repeats Entente Repugnance.

"Further, if the entente raised serious objections to harmless paragraph 16, it is a matter of course that the allied and associated governments would not have agreed to it. A quiet understanding with Germany. Instead of that the entente chose a most sudden and unprovoked attack against Germany."

"The allied and associated governments merely recognized in their answer that Germany did not want to violate the Austrian frontier. Thus the peace treaty was signed. Article 16 does not forcibly violate the Austrian frontier. Everything is left to the free initiative of Austria on the basis of national principles and national self-determination."

NEWS FOR BOYS AND GIRLS

WHAT BOYS CAN BE

THE AERONAUTICAL ENGINEER

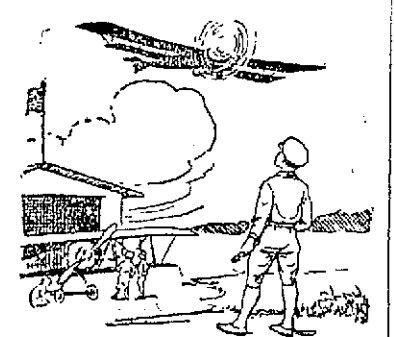

By R. S. Alexander.

What the aeronautical industry is to man, the automobile industry is to the world. It is just starting. There are opportunities for boys with energy and persistence to go into it, to develop it, and later reap the rewards of its growth.

No boy should consider the work unless he has considerable mechanical ability to start with. An airplane is a very delicate piece of machinery. There are several ways of getting into aviation. One is to start in an airplane factory, another is to become a mechanic of the airplane—knowledge that is of great value when he takes up outdoor flying. Another way is to start in the United States Air Service for three years. Here training is given, not only in the construction and care of planes, but in the flying also. A third way is to go to a school of aviation. Many of the better technical schools now have such branches.

The aeronautical engineer is the mechanical engineer of the business. He improves planes, designs new ones, directs the manufacture, and in general is the brains of the business. Only a few can ever be great aeronautical engineers, but thousands can find positions in aviation. There are three main lines of work. First there is the manufacturing, which is much like work in any other big factory. Then there is the work of the ground men who man the hangars and take care of the machines. Finally there is the thrilling work of the air pilot. More and more pilots will be needed as planes are more and more used for carrying mail and passengers.

For further information as to the opportunities open in aviation, write to the Aero Club of America, 297 Madison Avenue, New York City; to the Aero Club of Illinois, 430 South Michigan Avenue, Chicago. For good books on the subject write to the Aeronautical Library, 299 Madison Avenue, New York City. Good periodicals are:

H. S. STUDENTS WIN STATE FAIR PRIZES IN JUDGING CONTEST

George Terwilliger tied for first place with 155 judges at the state fair at Milwaukee for judging beef cattle. Milton Whaley won sixth place in the beef cattle judging contest.

An enviable record has been established by the agricultural department of the Janesville high school at the state fair. Last year the judging team of the high school won first place; this year against much greater competition, second place was won. The team this year was composed of George Terwilliger, Elmer Schultz, and Milton Whaley.

Wednesday evening in the stock pavilion at the fair grounds, Milwaukee, 75 boys and 5 girls representing all parts of the state, judged four classes of stock: beef cattle, dairy cattle, sheep, and swine. Thirty-six of these young people made up judging teams, of 3 each. Each class of judges was required to place the stock as to rank and give reasons for the ranking. Of the 12 teams from the team from Oconomowoc with Fred Hall, a former Janesville agricultural school won third place.

All of the boys and girls who attended the fair and acted as judges stayed at the home and gave camp which was located on the fair grounds. There were two large tents provided as sleeping quarters for the campers. All of the boys and girls ate together at a common dining room. A leader was appointed for each table. Maurice Russell of this city was supervisor of the cooking department which was under the direction of the Y. M. C. A. In all there were 225 boys and girls in the camp during the fair.

Allen B. West, instructor of agriculture and geometry of the high school, accompanied the judging team. He stated in the closing of the work of the Janesville team high.

The boys and girls of the state through their various clubs, pig-cult, potato and canning clubs, have been able to display fine exhibits at the state fair.

Miss Florence Kohoe has a canning exhibition. Harry McCann entered a baby book for exhibition. Many stock men of this vicinity have won premiums this year at the state fair.

WHAT GIRLS CAN BE

INTERIOR DECORATOR.

By Elizabeth Mateer.

There are plenty of professions today in which a girl can compete with her brother; how much more tempting is one in which she can outshine him. From the time she rearranges her doll house until she decorates her room at college she is expressing her inherent love for art and beauty. She is developing skill in interior decorating.

But to leave for beauty is not all that is needed. A successful professional interior decorator must also have unusually good taste, and this good taste must be improved and made effective by proper training.

Such training can be had by securing employment in an interior decorator's studio at a small salary and gradually working up to a good position. If she can afford, however, to attend a school of art for two or three years, the possibilities of opening a private studio and making a name for herself are unlimited.

There are hundreds of towns and cities, especially smaller ones, where such a studio would thrive. There are a number of well known and established schools, such as the New York School of Fine Arts with branches in both New York City and Chattanooga, Tenn.; Miss Church's School in Chicago; and Pratt Institute in Brooklyn. Ask a public librarian to help find the names and addresses of others and to recommend good books and magazines on the subject. Some of the newer big encyclopedias have excellent long articles under the heading "Interior Decorating."

When architecture, interior decorating suffered during the war, but with the increase in building the opportunities will be boundless. Private homes, apartments, hotels, dormitories, hospitals, churches and office buildings, all must be decorated. Modern architecture lays more stress

on interior decorating than ever before.

Fees are substantial. Before the war some women had studios which brought them annual incomes of \$5000. As to this splendid reward should be added the joy that comes from work which is a true delight.

Next week a real new one: "Secretary of a Community Center."

FORDSON
TRACTOR

The Fordson is the result of long years' of experimental work by Mr. Ford, who built sixty-two (62) different machines before he felt sure he had perfected a Practical Farm-Power Machine.

He is an extensive farmer himself and he realized the deficiencies of the Tractors already on the market, so determined to have his tractor RIGHT before he sold a single machine. You now have the fruits of his efforts and are spared the expense of "trying out experiments."

A Light-Weight, Powerful Machine, Simple of Operation, with Minimum Wear from Dust and Dirt; every moving part enclosed and Running in Oil, a perfect Kerosene Burner and sold at a price within the purse of Every Farmer. THAT'S THE FORDSON.

General Ludendorff's Revelation of Germany's Defeat

in the great war, as disclosed in his forthcoming book, will command world-wide interest. It will be published in the great newspapers of Europe, beginning with the London Times. It will appear in the leading newspapers throughout America—in Chicago exclusively in The Daily News. Such a world-wide, simultaneous publication of a great historical work in the press of the world is unprecedented.

Ludendorff gives the history of the war from the inside German point of view. Here we have the full story of Germany's titanic effort to dominate the world, of the inception of ruthless U-boat warfare, of the ups and downs of her mad struggle against an aroused world in arms, told by her greatest military authority.

From the outset of the war to Germany's final collapse the name of Ludendorff came more and more to the front. He seemed to embody Germany's aggressiveness—her ruthless militarism. He was the incarnation of Prussia. More than any other he is pre-eminently qualified

to tell the story of the war from the German point of view. The story is a revelation in German psychology, and an unconscious confirmation of the righteousness of Germany's defeat.

Publication will begin in The Chicago Daily News next Monday and continue in daily installments until completed.

Place your order with your newsdealer today, so that he may have time to increase his usual supply of the paper. If you find it more convenient to receive the paper by mail, send a dollar bill, covering a two months' subscription, addressing The Chicago Daily News, 15 North Wells Street, Chicago.

Do you know The Chicago Daily News? The London Chronicle says: "The Chicago Daily News is by far the best evening newspaper in the world." It averages between 32 and 34 pages in size and has the largest circulation in Chicago of any newspaper—it frequently sells over 400,000 papers a day.

Tell your neighbor about the Ludendorff articles.

PARADE AND BALL GAME TO FEATURE BIG CELEBRATION

A street parade in the morning, baseball in the afternoon, and community dances and band concerts in the evening—these are the main features of Janesville's mammoth welcome home celebration.

Staged Wednesday, Oct. 2, as decided by the program committee at a special meeting held at the Chamber of Commerce last evening, the parade of soldiers, sailors, marines, and war workers will be the guests of honor throughout the day.

Efforts will be made to make the parade in the morning the best in history, surpassing, if possible, in size and quality the famous 1918 parade. The parade will be made to the Fourth of July celebration in former years. All local organizations will be asked to participate in the affair. The parade committee was made to the parade committee that the parade cover a larger territory than is usual and that it come to an end at the Court House park.

Music Program Planned: It was also recommended that dinner be served to all service men at noon in one or more local halls with a short musical program following. George McKee and Arthur Baumann were appointed to have charge of the securing of bands and orchestras for the day's entertainment.

A hot baseball game at the fair grounds probably between a picked Janesville nine and the strong Elgin Pirates will be the feature of the afternoon's program. Edmund J. Leary and Roger G. Cunningham were named to make the game a feature of the afternoon part of the celebration.

Two or more halls will be provided for the community dance in the evening. It was the unanimous decision of the committee that the dance would not be practicable. The dance committee was appointed as follows: Mrs. Louis Levy, Miss Margaret Dwyer, and Joseph A. Connors.

Autos To Be Decorated: Auto owners will be asked to decorate their cars for the occasion. The decorated cars will be requested to assist in selling flowers for decorating purposes.

All of the subcommittees will start making plans immediately. Rev. R. G. Pierson, general chairman of the program committee, expects to call another meeting next week at which time additional features for the program will be outlined.

BOYS' GYM CLASSES AT 'Y' START TUESDAY

Gymnasium classes in the boys' department at the local Y. M. C. A. are to start Tuesday. The classes are scheduled for the remainder of this month are two classes in the junior department and a leader's training class for the high school and employed boys.

The junior boys are to be divided into a junior and a prep class. The juniors are to be divided into two classes, one for the boys of 12 years and over which will meet Tuesday and Friday, from 4:15 to 5:15 with a swimming period Saturday morning from 10:15 to 11:15.

The prep will be grammar school boys under 12 years of age. They will meet for one class each week, Saturday morning from 10:15 to 11:15 with a swimming period immediately following.

The leader's training class is open to all boys. The class will be a regular training in preparation for examinations which will be given at the close of the course covering apparatus and other work which is required of a leader. Those successful in passing in the tests given will be eligible for presentation to the leader's club, which will vote upon their membership. Entrance to the leader's club requires a unanimous vote of its membership and the successful passing of tests.

This class will be held Tuesday and Friday from 7 to 8.

EVASIVE AUTO TIRE CAPTURED BY POLICE

Motorists who have tried many times to secure the tire which has been in evidence on the Affon road for several weeks will be fooled no more. Last night the police made a hurried run to the place where the tire was reported and using a little strategy nabbed the tire before the jokers could pull the rope.

Hundreds of motorists passing on the Affon road have been fooled by the tire and the jokers have been slightly injured. Early last night a woman driving toward Janesville spied the tire and stopped her car while the jokers were in the act of changing it. Just as she was preparing to pick it up it disappeared and the woman, becoming angry notified the police.

Several other complaints have been received by the police. One Besolt doctor said he was pounced upon by the boys when he captured the tire. The police traced, however, that he was tripped up by the tire and not attacked as he claimed.

The tire is being held at the police station and the jokers will be called in for a little lecture on practical joking by Chief Thomas Morrissey.

Y. M. C. A. FINANCIAL CAMPAIGN PLANNED

Definite steps were taken at the meeting of the board of directors of the Y. M. C. A. which was held yesterday afternoon. This meeting is the first since J. A. Steiner, the new secretary, assumed his duties here. Plans are now being made to get the board on a good financial basis in order to run the Y. M. C. A. in the future.

It was decided by the directors that the campaign will be put on in order to clear off the indebtedness of the association which has been accumulating for the past year because of the building improvements and current expenses. A membership campaign will be run in conjunction with the financial one.

Mr. Steiner states that he will start on improvements in the lobby soon. Other minor changes will be made.

July's Saturday night special, No. 11 work shoe—all sizes—\$2.98 and \$3.65.

Two Auctions to Be Held during Next Week

During the week beginning Monday, Sept. 15, there will be two auctions in Rock county. Albert Krebs will sell his farm, four miles northwest of Tuesday, Tuesday, and Arthur Zickert will sell his farm, one mile north of Beloit, Thursday. Fred Taves will be auctioneer for both of these sales.

TEACHERS IN CAMP AT MILWAUKEE FAIR

Eighty supervising teachers of the state made up the teachers' camp which was at the fair grounds during the state fair at Milwaukee. The teachers were in the city for four days.

The entire camp was under the supervision of Mrs. Nellie Kenzie Jones, of the state council of defense. Two graduates of the home economics department of the university had charge of the kitchen. All of the teachers assisted in the work. Four tents, sleeping, wash, lecture and kitchen tents were provided for the teachers.

Every morning while the fair was being held a lecture was given to the teachers. Experts conducted the teachers through the agricultural department explaining the exhibits. Dudley Crafts Watson, a Wisconsin artist, lectured on the art exhibits.

Professors Vaughn, Otis, and Humphrey of the university, also gave lectures. This is the second year that the teachers camp has been conducted. Next year Mrs. Jones plans to have eight teachers from each county in the camp. She usually expects that a building will be built and all of the teachers in the state accommodated. Mrs. Jones has conducted teachers' camps at state fairs in Indiana and Illinois for 13 years.

DOPE FAVORS CINCINNATI IN SERIES

Who is going to win the next world's series? That question is undoubtedly being asked hundreds of times each day right here in Janesville. Well for my part I cannot see any team but the Cincinnati Reds.

They are playing real ball at the present time and with a nine game series should have an easy time disposing of the White Sox.

For years the Athletics have been the reigning favorites in this city. They have been backed to the limit by local baseball fans in every series. Finally it is because they are located near to Janesville and the fans have a habit of coming at 5:30 and 5:45 and watching Kild's colorists in action.

On paper the Cincinnati team compares very favorably with the Sox and with their pitchers going good during the big series they should be the victors. Local fans are basing their hopes on Eddie Cicotte, but it must be remembered that while Cicotte is a good pitcher he is not by any means a wonder and if not given the proper support he will break. He has won several contests this season but a close scrutiny of the scores will show that in most cases he has been hit hard.

Taking player for player Cincinnati looks every bit as strong on paper as the White Sox and most of the doping out of world series is accomplished from paper anyway. It must be remembered that while the Reds have never participated in a world's series they are headed by a main who knows every angle of baseball and who will have his men turned up to the highest pitch when the series opens.

In the catching division while Ray Schalk is a wonder he is not as superior to Vinny and Karpis as many think. Both of these catchers are veterans and they should show up well in the coming series. On pitchers the Cincinnati team have a big edge on the White Sox. The Cincinnati club has four pitchers who are better than the White Sox. The Cincinnati club has four pitchers who are better than the White Sox.

At shortstop Kopt completely outclasses Ribera. He is a real hitter, hits faster and fields as good if not better than his Chicago rival.

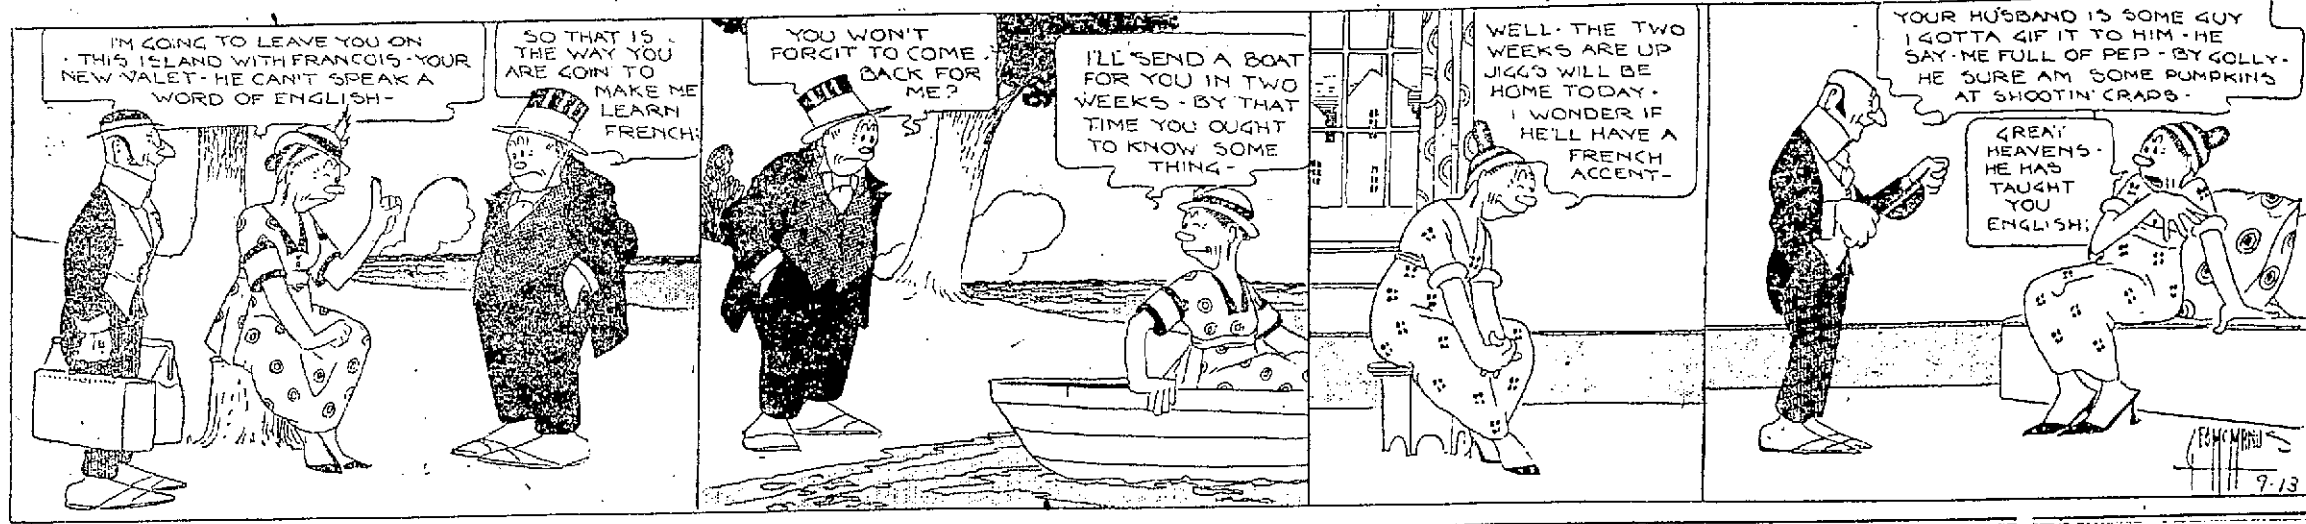

At first base B. L. Loe is up. Chick Gandil for the Sox is an excellent player as is Jack Duff for the Cincinnati club. Both are old pros in baseball and it should be a merry race between them.

Covering the bench the Cincinnati club has a real ace in the hole. The Cincinnati club has a real ace in the hole. The Cincinnati club has a real ace in the hole.

Going over to the far corner we find Chicago's left fielder, Ray Schalk, who was never more than a fair player and a man who is never sure of himself and who may fall in a crisis. Schalk has been playing the far corner for the Reds for the past few games showing up well. He is a new man in the game but can clear the path when hits are needed.

The only play where the White Sox have the Reds completely outclassed is in the outfield. The White Sox outfield including Joe Jackson,

BRINGING UP FATHER

Pennant Dope

AMERICAN LEAGUE
If Cleveland could win all of its fourteen remaining games the White Sox would have to win seven of their thirteen games to retain the lead. Games yet to be played:

Team	W.	L.	Pct.
Philadelphia	41	14	.745
Washington	38	17	.688
St. Louis	37	18	.675
New York	36	19	.655
Chicago	35	20	.636

NATIONAL LEAGUE
If New York could win all of its remaining fifteen games, then Cincinnati would have to win seven of its remaining twelve games to retain the lead. Games yet to be played:

Team	W.	L.	Pct.
Philadelphia	41	14	.745
Washington	38	17	.688
St. Louis	37	18	.675
New York	36	19	.655
Chicago	35	20	.636

Cleveland fans believe that if Morison and Kopt had been able to pitch winning ball all season the Indians would have run away with the American league pennant.

The Boston Braves have been playing better ball since the departure of Sox and Herzog. President Grant didn't make such bad deals after all.

Happy Felsch and Nemo Nichols is a stellar aggregation and one that would be hard to equal any place in either big league.

Cincinnati fans however claim that Duncanson, Roush and Neale are just acceptable men and while not as well known as the Sox fielders they are capable of clearing the leather just as hard.

Duncanson is a born hitter and during the season has turned defeat into victory many times when the game seemed hopelessly lost. Neale is also a cloutier of no mean ability and should have an apparently easy time finding Cicotte's bowlers.

Regardless of which team emerges victors the series should be better than usual and my advice is stick to Cincinnati. They have a real baseball team, a real leader and everything to gain and nothing to lose.

STRONG COMBINATION WILL FACE M'COYS

The Lawrence James' combination for the game in Milwaukee tomorrow can't be beaten.

Team	W.	L.	Pct.
Chicago	35	20	.636
Cleveland	34	21	.615
Baltimore	33	22	.600
New York	32	23	.583
St. Louis	31	24	.563

To the Meloy All-Stars win tomorrow it will be a surprise to Manager Murphy and the rest of the tribe who never felt more sure of a victory.

Biglow may possibly play in right field tomorrow. The returns of the game will be received and bulletined in the Gazette.

WHITE SOX AHEAD OF REDS IN HITTING

Chicago, Sept. 13.—The Chicago White Sox leaders of the American league, top the Cincinnati Reds, National league power makers in club batting, according to averages reported today and which include games of last Wednesday.

The White Sox, in 124 games have batted for an average of .253 while the Reds, in 127 games have a batting mark of .264. In club fielding, the Reds mark is .773, while that of the White Sox is .769.

Four members of the White Sox, who have played in 20 or more games are hitting more than .300, and are led by Eddie Murphy, star pinch hitter, who, in 21 games has batted for a mark of .478.

Joe Jackson, the slugger outfielder, is hitting .352. Eddie Collins has a mark of .342. Chick Gandil is batting .305. For the Reds Eddie Roush, is leading his mates with an average of .313. Frankie Grant, the runner-up to Roush, is batting .291, and "Hap" Eller, a pitcher is batting .301.

Leading batters on the clubs, with the number of games followed: Cincinnati Reds—Roush, 122, .319; Grant, 119, .311; Eller, 35, .301; Fisher, 23, .296; Duncanson, 127, .279; Wagner, 73, .276; Roush, 127, .257; Kopt, 124, .251; Leather, 28, .250; Neale, 127, .247; Smith, 28, .238; Magee, 50, .222; Hardin, 67, .218; Bressler, 59, .212; Sallee, 26, .185.

Chicago White Sox—Murphy, 24, .478; Jackson, 124, .352; E. Collins, 124, .316; Gandil, 100, .305; Weaver, 124, .299; Leopold, 109, .293; McMan, 54, .292; Schalk, 119, .278; E. FOOTVILLE MEETS FAIRY APPRENTICES

Rep. of the Detroit Fairies is expected to pitch for the Fairy Apprentices in their game, with the Footville White Sox at Footville tomorrow afternoon. Leeds will do the heavy work for the Sox.

Edgerton was originally scheduled to play at the western village but the game was suddenly canceled yesterday with the result that the Fairbanks team was substituted.

ALL-STARS TO ENJOY HOLIDAY TOMORROW

The All Stars will be idle tomorrow, feeling that they need a lay-off because the two last games showed signs of too much work. A week from tomorrow they will travel to Footville to play the second game of the series with the "Chin" there.

Should the Stars win, the series will be a tie and one more game will be played to decide the championship.

Should the Stars lose — but they are

NEW CITY CLUB SET FOR DURAND GAME

A record crowd is expected to see Janesville's new all-star ball club clash with the Durand Nationals at the fair grounds at 2:30 o'clock tomorrow afternoon. It will be the only game of the day in the city, the other city team playing out-of-town.

Manager Vinow has succeeded in securing Biglow, crack batsman, for shortstop, while Anderson, a county pay pitcher, from Rockford, will take Vinow's place in left field. Vinow will be unable to play on account of a banged-up limb which has forced him to take to crutches.

The line-ups for the two teams:

JANESVILLE
Anderson, 1G.
Brown, 1B.
Biglow, 2B.
Conroy, 3B.
Croake, 4B.
Hend, 5B.
Kokoske, 6B.
Miller, 7B.
Lengquist, 8B.
Mayor, 9B.
Libby, 10B.

DURAND
Woodling, 1G.
M. Hartman, 1B.
F. Hartman, 2B.
R. Anderson, 3B.
S. Hartman, 4B.
G. Anderson, 5B.
Murphy, 6B.
A. Hartman, 7B.
Lantz, 8B.
Lantz, 9B.
Lantz, 10B.

Major E. H. Libby of Evansville has been secured to umpire the game. Durand has one of the strongest teams in northern Illinois so the new city club is bound to get a critical test.
